

## SANTA FE CENTRAL MAKES NEW RECORD FOR MOVING SHEEP

HANDLES NEARLY 100,000  
IN MONTH AND A HALF

From October 10 to November 21, the Santa Fe Central has handled over its lines a total of 84,141 sheep. At present the road has about 2,100 sheep awaiting shipment. This lot will come into Santa Fe to be shipped to the San Luis valley over the Denver and Rio Grande.

About 5,000 sheep are also at Escalante awaiting shipment over the Atchison, Topeka and Santa Fe, via Kennedy. This will bring the total number of sheep handled by the Santa Fe Central up to today to 84,141. About 2,500 sheep are in the Santa Fe yards at present and will in all probability be moved today or tomorrow, over the Denver and Rio Grande railroad to the San Luis valley. It is reported that many sheep are in readiness along the line of the Santa Fe Central for shipment, but the owners are holding them for an advance in price. The shipments are becoming lighter as the winter progresses.

### "TWIN" SULLIVAN GETS DECISION OVER GARDNER

End Comes After Twenty Rounds of Sensational Fighting.

San Francisco, Cal., Nov. 24.—After twenty rounds of sensational fighting, Mike (Twin) Sullivan, of Cambridge, Mass., tonight defeated Jimmy Gardner, of Lowell, Mass., referee Jack Welch making the decision while Gardner was carried weak and tottering to his corner. The decision was a popular one, not only on its merits, but also because it brought joy to the short enders, who generally obtained odds of 2 to 1.

The fight was full of skillful boxing and footwork, hard punching and well directed efforts. Gardner made the more fanciful showing, particularly in the earlier half of the match, but Sullivan never for a moment lost his coolness and never missed sight of an opportunity to gain a point.

### Arizona Miners Organize.

El Paso, Texas, Nov. 24.—In line with recommendations of the American Mining congress, Arizona miners will form an association at Phoenix, December 7 to affiliate with the American Mining congress. It is the ultimate object of the mining congress to accept only delegates from those state associations and action at next year's meeting will likely be taken along this line.

### NET TIGHTENS AROUND MEN WHO ROBBED TRAIN

Big Crowds in Court Room During Trial at Las Vegas.

Special to the Morning Journal. Las Vegas, N. M., Nov. 24.—The prosecution concluded today in the trial of the alleged train robbers, Black and Murphy, after a sensational day's testimony. Witnesses swore to seeing the men in daylight shortly after the robbery. Another witness saw them near the Sunnyside mine either one or two days before the robbery. A fellow prisoner swore on the stand that Black had confessed the crime to him.

### Secretary Shaw's Plans.

Washington, Nov. 24.—When he goes out of office in February next Secretary Shaw will probably make a visit to Europe where his family is and where it will remain for a number of months. The secretary has not definitely made up his mind about making this trip, but he has had it in view and hopes that nothing will prevent. He will remain abroad a month or so. There has been much gossip about what Secretary Shaw will do when he goes out of office, and it is stated that he has received a number of gratifying offers from large financial concerns in New York. It is generally understood, though, that his purpose is to return to the banking business in Iowa, his home state, and to keep track of his political prospects. He has a large backing for the republican presidential nomination three years from now, and his ability as a stump speaker will keep him before the people. He will probably be very generally used by the republicans in the congressional campaign next year.

### FILTRATION SUITS TO BE FILED.

Intended Action to Be Brought Against Contractors.

Philadelphia, Nov. 24.—Official announcement has been made that suits would be entered against the filtration plant contractors for the recovery of money said to have been received by them for work not performed. The statement was made by former Judge Gordon, private counsel for Mayor Weaver, after a conference with Attorney Julian T. Davis, of New York, and City Solicitor Kinsey.

At the conclusion of the conference Mr. Gordon said it had been in reference to the commencement of civil action against all contractors who are alleged to have conspired to defraud the city by failing to comply with the specifications. City Solicitor Kinsey, Mr. Gordon said, would take the first steps in the suits at the earliest possible moment.

### NEWS OF FORMATION OF SPECIAL JAP SQUADRON

Will Cruise in Southern Seas and as Far as Singapore.

London, Nov. 24.—The Tokyo correspondent of the Daily Telegraph says that the naval plans of Japan include the formation of a special squadron to cruise in the southern seas as far as Singapore. The same correspondent adds:

"The details of the negotiations at Seoul show that the Koreans had no alternative but to accept the treaty drawn by Japan. The premier tried to escape from the palace, but was prevented by Japanese gendarmes. He still persisted in his refusal to sign the protocol, whereupon the emperor dismissed him. Several other ministers resigned, but the emperor refused to accept their resignations. General Hasegawa, now commander of the Japanese troops in Korea, will be the Japanese governor general of Korea."

Dougherty Goes to the Pen. Peoria, Ill., Nov. 24.—Newton C. Dougherty has pleaded guilty to five of the forgery charges against him and

will be taken to the Joliet penitentiary either tonight or tomorrow. He appeared before Judge Worthington today, pleaded guilty and was given a sentence of from one to fourteen years on each of the five counts, the same to be concurrent. Dougherty has turned all his property over to his attorney and it is said to more than make good the school board defalcations.

### Teddy's Bridge Wrecked.

Cambridge, Mass., Nov. 24.—Investigation of a report that Theodore Roosevelt, Jr., had his nose broken in last Saturday's football game between the freshmen of Harvard and Yale, today disclosed the fact that the young man will submit to an operation within a day or two for an old injury received in a boxing match and not on the gridiron.

Some time ago one of the small bones in young Roosevelt's nose was broken by a blow received in a friendly bout. The fracture was set at the time, but as it healed the nose became slightly misshapen.

### To Save Ice-Bound Whalers.

San Francisco, Cal., Nov. 24.—A. H. Stephens, local superintendent of the railway mail service, has received word from the postoffice department that mail may be sent from here by way of Dawson to the ice-imprisoned San Francisco whalers who are at Herschel island, in the Arctic. An arrangement has been made with the Canadian government by which Canadian mounted police are to be sent to Herschel island with supplies and mail for the whalers. The expedition is to leave Dawson on December 15th, and the trip will be made with reindeer. The journey will be several hundred miles in length and will be through a country practically unexplored and unexplored. Herschel island is about due north from Dawson and is in Mackenzie bay.

With quick steamer, competitive mail can be sent from here to Dawson in about fourteen days. But to provide for accidents it has been calculated that all letters from this vicinity should be mailed by November 25 at the latest.

### Governor's Daughter to Christen Idaho

Boise, Idaho, Nov. 24.—Governor Gooding this evening announced he would designate his daughter Louise, 15 years of age, to christen the battleship Idaho, when the latter is launched, December 5th.

### Werner's Lens Away.

Honolulu, Nov. 24.—It is reported that the Russian cruiser Lena, which unexpectedly came here, went near enough to Honolulu to get into wireless communication with that port and was warned to keep away unless in sympathy with the people in their uprising against the government. It is said that the officers were divided in opinion and that the crew was in sympathy with the uprising. It is impossible to confirm this report, because the captain of the Lena will not be interviewed.

### Courage is a Matter of the Blood.

Without good red blood a man has weak heart and poor nerves. Anemia means thinness of blood. It is common in men and young women and all those who work indoors who do not get enough outdoor air and good oxygen in their lungs. There are too many white blood corpuscles in such cases, and there is often a peculiar sound in the heart, called a murmur, in cases of anemia. This heart murmur is caused by thinness of the blood passing through the heart. The murmur of anemia disappears when the blood regains its natural consistency and richness. It is not heart disease. Sometimes people suffer intense pain over the heart, which is not heart disease, but caused by the stomach. It is the occasion of much anxiety, alarm and suffering, for which its victim is dependent upon reflex disturbances from the stomach caused by indigestion. In the same way many bad coughs are dependent upon these reflex disturbances of what is called the pneumogastric nerve. To enrich the blood and increase the red blood corpuscles thereby feeding the nerves on rich red blood and doing away with nervous irritability, take Dr. Pierce's Golden Medical Discovery, which promotes digestion and assimilation of food so that the blood gets its proper supply of nourishment from the stomach. Get as near to nature's way as you can. A medicine made entirely of botanical extracts and which does not contain alcohol is the safest. Dr. Pierce's Golden Medical Discovery contains no alcohol or narcotics. Dr. Pierce's Pleasant Pellets are the best liver pills.
